DETAILED ACTION

Allowable Subject Matter

1. Claims 1 – 11 are allowed.
2. The following is a statement of reasons for the indication of allowable subject matter:

The present invention of claims 1 – 6 is directed to a tape drive with a base plate having four drive motors mounted on the base plate with respective drive shafts. Independent claim 1 identifies the unique distinct feature “four generally rectangular walls each of equal height”. The closest prior art, Adams (US 5911379) discloses a tape cartridge for two separate lengths of recording tape having four lateral walls but they are of unequal height.

Claims 7 – 11 are allowable for the reasons stated in the last office action.

Therefore the claims are allowed over prior art.
